

Utilizing a two-pronged approach to assist homebuyers, the program is sponsored by communities throughout the state to promote home ownership. The home buyer assistance feature of the Assist program provides families with funds to pay all or most of their closing costs and down payment, enabling families with good credit but little available capital to buy their home. The mortgage credit certificate (“MCC”) feature reduces the homebuyer’s ongoing cost of borrowing whenever market conditions result in uncompetitive interest rates for loans funded in the tax-exempt bond market.

Overview

- Communities join together through an Inter-governmental Cooperation Agreement
- Home rule communities may contribute private activity bond volume cap to support either a tax-exempt bond issuance or the MCC feature
- Non-home rule communities apply for volume cap from the State
- No financial contribution or commitment required from any participant
- Any Illinois municipality can participate

Loan Funding

- Loans are funded with proceeds of tax-exempt bonds or through the direct sale of taxable mortgage-backed securities based on the sale method providing the lowest interest rate
- The bonds and securities are sold at a premium, a price greater than their face amount, which provides funding for the home buyer assistance
- Proceeds are used to make the home loans and fund the assistance
- The bonds and securities are not a debt of the municipalities or paid from any participating community’s funds, and are secured only with loans on the homes purchased

Loan Description

- 30 year fixed rate loans
- FHA/VA/RDA (640 minimum credit score) and Conventional (660 minimum credit score) loans are available
- Assist pays 3% to 7% cash grant to qualifying home buyers to fund closing costs and down payment assistance.

Qualifying Homebuyers

- Will occupy the home as their residence
- Meet income and purchase price guidelines

Mortgage Credit Certificates

- MCC's are a federally authorized program created as an alternative to tax-exempt housing bonds to reduce effective interest costs for qualifying homebuyers
- MCC's allow the homebuyer to qualify for a federal income tax credit equal to a percentage of the interest paid on their home loan each year
- MCC holders still qualify for a regular deduction of the remaining interest paid on their home loan
