Annual Action Plan
2023

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The 2023 Annual Action Plan includes the actions the Village of Arlington Heights will take during the October 1, 2023 – September 30, 2024 program year to address housing and community development needs in the Village of Arlington Heights, particularly the needs of the Village’s extremely low-, low-, and moderate-income residents. The 2023 Annual Action Plan also contains the Village’s plans for using its Federal Community Development Block Grant (CDBG) allocations during the program year.

The total estimated available revenue for the 2023 program year is \$411,019 which is approximately \$15,000 less than in the prior year. The maximum amount that may be spent on public services is estimated at \$48,000, and the amount expected to be allocated to construction projects is \$297,419. The Village expects to spend \$64,800 on the administration of the CDBG program.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

In this program year, the Village will address its goals in the areas of homeowner unit preservation, homelessness, public services, public infrastructure, public facilities, and planning & administration. This Annual Action contains the Village's 1-year accomplishment objectives for projects and activities under each of these areas.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The Village of Arlington Heights has been a recipient of Community Development Block Grant (CDBG) since 1974. For 49 years, the Village has addressed housing and community development needs of the Village’s low- and moderate-income citizens, and has worked effectively with the U.S. Department of Housing and Urban Development.

The 2023 program year is the fourth year of the Village's 2020-2024 Consolidated Plan. In the 2020, 2021, and 2022 years, the onset of the COVID-19 coronavirus caused the Village and its subrecipients to refocus some services and change how those services are provided. As the Village enters into the 2023 program year, the Village and its subrecipients have become more accustomed to their new practices or are returning to some pre-COVID-19 methods of service delivery. The Village's entitlement allocations of standard CDBG funds and special CDBG-CV (CDBG-Covid) funds have supported the Village and its subrecipients in providing services including services to prepare for, prevent, and respond to the coronavirus. The Village is on track to meet its project beneficiary goals for the 5-year Consolidated Plan.

Annually, HUD reviews the Village's performance in implementing its Consolidated Plan and the immediate past Annual Action Plan. The last such review was for the program year October 1, 2021 - September 30, 2022. The Village has no outstanding issues resulting from that HUD review or any prior HUD reviews; and in its Year-End Review Letter, HUD stated that the Village of Arlington Heights "has the continuing capacity to administer Consolidated-Plan-covered programs."

In March 2023, HUD conducted a remote monitoring evaluation of the Village's Grants Management System including its Overall Program Management, Financial Management, Public Service Management, and Public Facilities Management systems. This monitoring resulted in no findings and one comment from HUD. HUD complimented the Village on its processes and performance.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The Village continues to enhance its coordination with housing providers through the implementation of its Inclusionary Housing Ordinance. In 2022, the Village also released a Request for Expressions of Interest with regard to its Affordable Housing Trust Fund. Various Departments of the Village work with housing providers, and public and private health, mental health, and service agencies. Coordination with these agencies has been particularly important during the COVID-19 pandemic and continues.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The Village does not anticipate receiving any federal funds that have matching requirements. CDBG funds are used by subrecipient agencies to leverage other funds. CDBG funds may also leverage other government funding from other federally funded programs such as the HOME program, State programs such as those administered by Cook County and the Illinois Housing Development Authority (IHDA), other public housing funds, or funding from other public or private entities. The CDBG entitlement program has no matching requirements.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

At this time, the Village has not identified any publicly owned land or property located within the jurisdiction that may be used for address the needs identified in the plan.

Discussion

The Village has a similar but slightly lower estimated amount of revenue available for the 2023 program year compared to the 2022 program year. The Village's only source of entitlement funds is the Community Development Block Grant program from which the 2023 entitlement allocation is \$299,419. The Village is not required to provide matching funds but does implement programs that support housing and community development needs within the Village. These include the production of housing through the Inclusionary Housing Ordinance which also provides income into the Village's Affordable Housing Trust Fund and the Village's Emergency Assistance Fund and other programs through the Department of Health and Human Services.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The projects are based on the priorities in the 2020-2014 Consolidated Plan and input from the agencies that submitted CDBG grant applications. The primary obstacle to addressing underserved needs is inadequate available funding. The amount of funding permitted to be used for public services is less than half the amount requested to meet the needs as expressed by the applicant agencies.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Most of the assistance will be provided to residents Village-wide. Infrastructure projects will be targeted to Census Block Groups that qualify by HUD's methodology as the Village's low- and moderate-income areas. Some services will be provided outside of the boundaries of the Village. These will be public services that are provided by social service agencies that have service areas that include the Village of Arlington Heights.

Geographic Distribution

Target Area	Percentage of Funds
No geographic areas are targeted	0

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Residents in need of affordable housing and public services live throughout the Village. Geographic targeting will take place with respect to infrastructure improvements which will occur in CDBG-eligible low/moderate-income Census Block Groups. In order to support a full range of services, projects and services are sometimes funded at locations outside the Village of Arlington Heights. Some funded agencies' service sites are located a short distance from the Village of Arlington Heights but are located in other municipalities. It would be inefficient for these agencies to maintain offices in every municipality in their service areas.

Discussion

The Village of Arlington Heights will not direct funds to target areas.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

A primary barrier to affordable housing is the cost of land and construction. In the coming year, the Village will continue to implement its affordable Inclusionary Housing Ordinance which requires the inclusion of affordable units in most new multi-family housing developments. The Village will also continue its process for identifying how it will use the funds in its Affordable Housing Trust Fund.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The Village of Arlington Heights has been very proactive in addressing affordable housing needs. The Village regularly reviews its land use controls, tax policies affecting land, zoning ordinance, building codes, fees and charges, growth limitation, and policies affecting residential return on investment. The Village expanded its public policies by adopted an Inclusionary Affordable Housing Ordinance (8/3/2020) to require the creation of affordable units in private housing or collect fees in lieu of affordable units into an Affordable Housing Trust fund for the creation and preservation of affordable housing.

The Village's Housing Commission was created to expand the amount of affordable housing in the Village. The Village's Building Department is proactive in working with owners of rental housing to ensure that the rental housing stock is well maintained. Many non-profit agencies in the Village also work to remove barriers to affordable housing by providing financial assistance, housing counseling, landlord-tenant counseling, and information on other housing related issues.

Discussion

The Village of Arlington Heights focuses directly on addressing barriers to affordable housing. The Village Board has nine strategic priorities for 2022/2023. Strategic Priority #9 is to: Seek and Maintain Attainable Housing while Continuing to Review Affordable Housing Strategies.

Arlington Heights is one of only 9 municipalities in Cook County (which contains 150 municipalities) to have an inclusionary housing ordinance. This ordinance has most recently resulted in the creation of 9 affordable units integrated into the Arlington Downs Residences of Payton Place

apartments; the Heart's Place 18-unit apartment building for persons with disabilities; and the Crescent Place 40-units, Low-Income Housing Tax Credit financed building for which construction began in 2022.

Fair Housing: The Village of Arlington Heights has included fair housing requirements in its Village Code. The Village's Housing Commission constitutes the Village's Fair Housing Review Board. This offers convenient and local response to resident's fair housing concerns.

One of the ways in which the Village supports fair housing is to expand housing opportunities. Through its inclusionary housing program, the Village mandates the inclusion of affordable housing units in Arlington Heights.

The Village seeks to expand home ownership opportunities by offering the ASSIST home buyer program.

In April 2023, in recognition of Fair Housing Month, the Village published educational information about fair housing and its importance through the Village's social media outlets. The Village worked with Open Communities (a non-profit fair housing agency) to publicize Open Communities' Fair Housing 101 online workshop.

In Program Year 2023, the Village plans work collaboratively on the regional Assessment to Fair Housing with Cook County as the lead entity. The Village will review the information posted on its website about fair housing and the process for making fair housing complaints by utilizing the Fair Housing Review Board process. Staff is available in the Department of Planning and Community Development and Department of Health and Human Services to respond to fair housing concerns and complaints on a case-by-case basis.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

Below are other actions the Village intends to take during the program year.

Actions planned to address obstacles to meeting underserved needs

The primary obstacle to addressing underserved needs is insufficient funding. The Village will seek funding from other sources and will support service providers in seeking funding from other sources.

Internet Broadband Access: The percentage of household with broadband internet access in the Village of Arlington Heights as reported in the Census American Community Survey 5-year estimate for 2015-2019 is 91.3% This is a higher percentage than the U.S. overall, Cook County, and the Chicago Region. Free internet access is available to residents without access or who have not subscribed for access. There are 7+ internet service providers offering services to Arlington Heights residents. The top 5 are Xfinity, AT&T, T Home Improvement, Verizon, and WOW. Therefore, there is sufficient internet service competition. The Village will make available information it has concerning financial assistance for low-income residents to avail themselves of internet access Affordable Connectivity Program | Federal Communications Commission (fcc.gov) and LowIncomeInternet.pdf (citizensutilityboard.org). The Village's Continuity of Services Plan provides priorities, contacts and steps for maintaining and restoring communication between Village departments including to public safety vehicles.

Actions planned to foster and maintain affordable housing

During the program year, the Village will take the following actions to foster and maintain affordable housing, to remove barriers to affordable housing, and to encourage public housing improvements and resident initiatives:

Professionals in the Department of Planning and Community Development will continue to research and investigate alternative sources of funding to replace or supplement State and Federal funds for housing assistance and other affordable housing programs. The Housing Planner will monitor housing initiatives at these levels through contact with HUD and through professional organizations and planning offices.

The Village will continue to promote and enforce the goals and policies from the Comprehensive Plan relating to preserving the existing housing stock, encouraging a wide variety of housing types within the Village, utilizing good housing redevelopment concepts, maintaining a good housing balance, preventing housing deterioration, and providing housing for the young, single, and elderly.

Code enforcement will continue to uncover unsafe and unsanitary conditions. The Single-Family Rehabilitation Program will be available to income-eligible individuals to improve their properties.

The Village will implement its Affordable Inclusionary Housing Ordinance and work toward creating affordable units in new construction residential projects and/or with fees collected into the Village's Affordable Housing Trust Fund.

The Housing Commission will continue to promote a balanced housing stock including affordable housing for persons with low to moderate incomes.

The Department of Building and Health Services will work throughout the community to assist residents in securing stable, affordable housing and improve housing and living environments.

No units are expected to be lost from the federally assisted housing inventory in Arlington Heights.

Actions planned to reduce lead-based paint hazards

The Village is aware of the health risks, especially to children, that exist in its older homes due to the presence of lead-based paint. The Village will continue to provide information and blood lead-based paint testing services to Village residents. When persons are identified as having elevated blood levels, the appropriate County and State agencies will be notified, and these persons will be referred for appropriate services.

The Village complies with HUD's lead-based paint regulations with respect to the Village's housing rehabilitation programs. The required notifications, lead-hazard testing, and lead hazard treatment protocols are followed.

Actions planned to reduce the number of poverty-level families

The Village will continue to coordinate efforts to assist households with incomes below the poverty line with other agencies providing services to this population. This will take place through the activities of the Village's Health and Human Services Department and by supporting senior service agencies at the Village's Senior Center. The Health and Human Services Department administers an emergency assistance fund to assist very low- and low-income persons with emergency needs. Village staff coordinate and combine resources with local agencies to address needs of poverty-level families on a case-by-case basis.

Actions planned to develop institutional structure

The Village will continue to address affordable housing and other community needs within the area by coordinating its efforts with private and non-profit agencies and organizations. The Village will also work with regional planning groups such as the Northwest Suburban CDBG Network, the Metropolitan Mayors Caucus, the Chicago Metropolitan Agency for Planning, the Metropolitan Planning Council (MPC), etc.

Actions planned to enhance coordination between public and private housing and social service agencies

The Village will enhance coordination between public and private housing and social service agencies through the citizen participation plan that encourages all interested parties to share in the Consolidated Planning process. The Village will continue to work with non-profit service providers, other private institutions, public housing and assisted housing providers, and community organizations to discuss community needs and opportunities. The Village will also continue to work with and coordinate the provision of services with Elk Grove and Wheeling Townships, Northwest Housing Partnership, and other Northwest Chicago Suburbs.

Discussion

The Village recognizes that enhancing institutional structure provides efficiencies in service that are of benefit to its residents. The various departments of the Village seek to maximize coordination with public and private housing and service providers to meet the needs in the community.

Dear Nora:

Thank you for the opportunity to present an update about the services Connections to Care provides older adults in our community. I know you were instrumental in organizing the draft Action Plan and Committee of the Whole.

I understand that CDBG funds are limited. We appreciate any support that helps our organization continue the mission of "helping seniors care for their health and maintain their independence."

Thanks again for your consideration!

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2023 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.
