Date

Memorandum

To: Sam Hubbard, Planning and Community Development

From: Cris Papierniak, Assistant Director of Public Works 

Date: February 2, 2017

Subject: 2214 E. Palatine Rd., P.C. #17-02

With regard to the proposed preliminary & final plat of subdivision, I have the following comments:

- 1) Any future buildings would need to be supplied water from within the existing utility easement. A new water main would need to be installed within that easement.
 - a. The existing house at 2214 would need to disconnect the water service from Lilac Terrace and reconnect to the new water main.
 - b. The new water main would need to have a hydrant installed at the end (Palatine)

If you have any questions, please feel free to contact me.

 Director Date

PLAN COMMISSION PC #17-002
Hogreve Resubdivision
2214 E. Palatine Road
Preliminary/Final Plat of Resubdivision
Round 1

11. The petitioner is notified that these comments are being provided to ensure that the project meets the requirements for submittal to the Plan Commission. Approval by the Plan Commission is not an endorsement or approval of these documents to obtain the required building permits, engineering approval, or permits required by other government or permitting agencies for construction. Detailed plan review with associated comments will be provided upon submittal of plans for a building permit. The petitioner shall acknowledge that they accept this understanding.
12. Since a subdivision is being proposed the plans must meet all subdivision requirements. Final engineering plans for all public improvements must be approved prior to the final plat of subdivision approval. An Engineers estimate of construction cost for full site improvements is required to complete the calculation for plan review, inspection, and other fees. An Engineers estimate of construction cost for public improvements is also required to complete the calculation for the required public improvement guarantee deposit. The public improvements for this development would be the public sidewalk along East Lilac Terrace and the water main extension. These estimates should be submitted at least three weeks prior to the final Plan Commission meeting to allow us time to generate the fee letter and for the petitioner to assemble the proper documents.
13. The original signed mylar Final Plat of Subdivision, containing all non-Village signatures, shall be submitted one week before the scheduled date of the final Plan Commission meeting. Village Code Section 29-209 also requires a digital copy of the plat to be provided on disk to the Village. The petitioner shall acknowledge that they accept this understanding.
14. Final approval will require detention calculations showing storage required. The Village's allowable release rate is 0.18 cfs/Ac. Use C=0.50 for pervious areas, C=0.95 for impervious areas. Use Bulletin 70 rainfall data. Clearly show the overflow route for the site. The payment of a fee in lieu of detention at the rate of \$1.00 per cubic foot of required storage is acceptable for a two-lot subdivision.
15. The water main must be extended to service the lot fronting Palatine Road. An IEPA Water Permit is required for the extension of public water main.

Final Plat of Subdivision:

16. The plat was reviewed against the attached Final Plat of Subdivision Checklist. Please address the following items:
 - a. Item f: Label the East Line of the SW $\frac{1}{4}$ of SEC. 16-42-11 (in Birchwood Lane)
 - b. Item h: Add the following Public Utility and Drainage Easements: 5' wide along the west side of both lots; 5' wide on each lot where they back against each other, totaling 10' wide; 10' wide along south line of Lot 1 along Palatine Road.

- c. Item h: Clearly label the dedication of the Palatine Road area as “Hereby Dedicated for Roadway Purposes” or whatever format acceptable to IDOT.
- d. Item m: Add building setback lines and dimensions.
- e. Item n: Include the wording as provided on the checklist.
- f. Item q: The elementary school district is Consolidated Community School District #23. Add Harper Community College District #512.
- g. Item t: Add block stating “Send Tax Bill To:...”

James J. Massarelli, P.E. Date 1/31/17
Director of Engineering

Attachments:

- Final Plat of Subdivision Checklist (3 pages)
- Contacts for Plat Signatures (1 page)
- Sample Stormwater Detention Calculations (1 page)

Final Plat of Subdivision Checklist
Municipal Code Section 29-209(a – t)

- a. The date of preparation of the final plat and by whom prepared.
- b. The boundary of the plat, based on accurate traverse, with angles and lineal dimensions.
- c. All permanent survey monuments, markers and bench marks.
- d. Exact location, width and name of all streets within and adjoining the plat, and the exact location and widths of all cross walkways.
- e. True angles and distances to the nearest established street lines or official monuments, not less than three. *Label the East Line of SW 1/4 (in Bircowood Ln)*
- f. Municipal, township, county and section lines accurately tied to the lines of the subdivision by distances and angles.
- g. Radii, internal angles, points and curvatures, tangent bearings and lengths of all arcs.
- h. All easements *on lots* for rights of way *dedicate* established for public use and utilities.
- i. All lot numbers and lines, with accurate dimensions given in hundredths of feet.
- j. Accurate outlines and legal descriptions of all areas dedicated or reserved for public use, with the proposed uses indicated thereon; and all areas to be reserved by deed covenant for the common use of all property owners; together with the proposed uses indicated thereon.
- k. The text of protective covenants, approved by the Plan Commission, relating to the proposed subdivision.
- l. An endorsement by the County Clerk in the form acceptable to Cook County, that there are no delinquent, forfeited, foreclosed or purchased general taxes, or unpaid current general taxes, against the land proposed to be subdivided.
- m. A summary of all restrictions applicable to any part of such subdivision concerning building restrictions, use restrictions, building setback lines and similar matters.
- n. A deed of dedication in the form set forth in Section 29-217(a):
 The Final plat shall contain a deed of dedication substantially as follows:

need

"We, the undersigned, (Names), owners of the real estate shown and described herein, do hereby lay off, plat and subdivide said real estate in accordance with the within plat. This subdivision shall be known and designated as (Name), an addition to the Village of Arlington Heights, Cook County. All streets and alleys and public open spaces shown and not heretofore dedicated are hereby dedicated to the public. Front and side yard building setback lines are established as shown on this plat, between which lines and the property lines of the streets, there shall be erected or maintained no building or structure. There are strips of ground, (Number) feet in width, as shown on this plat and marked 'Easement' reserved for the use of public utilities for the installation of water and sewer mains, poles, ducts, lines and wires, subject at all times to the proper authorities and to the easement herein reserved. No permanent or other structures are to be erected or maintained upon

these strips of land, but owners of lots in this subdivision shall take their titles subject to the rights of the public utilities, and to the rights of the owners of other lots in this subdivision.

(Additional dedications and protective covenants, or private restrictions, would be inserted here upon the subdivider's initiative or the recommendation of the Plan Commission or Village Board; important provisions are those specifying the use to be made of the property and, in the case of residential use, the minimum habitable floor area.)

The foregoing covenants (or restrictions), are to run with the land and shall be binding on all parties and all persons claiming under them until January 1, 20____ [25 year period is suggested], at which time said covenants (or restrictions) shall be automatically extended for successive periods of ten years unless indicated otherwise by negative vote of a majority of the then owners of the building sites covered by these covenants (or restrictions), in whole or in part, which said vote will be evidenced by a petition in writing signed by the owners and duly recorded. Invalidation of any one of the foregoing covenants (or restrictions) by judgment or court order shall in no way affect any of the other various covenants (or restrictions), which shall remain in full force and effect.

The right to enforce these provisions by injunction, together with the right to cause the removal, by due process of law, of any structure or part thereof erected or maintained in violation, is hereby dedicated to the public, and reserved to the several owners of the several lots in this subdivision and to their heirs and assigns.

WITNESS our hands and seals this ____ day of _____, 20____.

STATE OF ILLINOIS)
COUNTY OF COOK) SS.

Before me the undersigned Notary Public, in and for the County and State aforesaid, personally appeared (Names), and each separately and severally acknowledged the execution of the foregoing instrument as his or her voluntary act and deed, for the purposes therein expressed.

WITNESS my hand and notarial seal this ____ day of 20 ____.

Notary Public"

- o. A blank certificate of approval in the form set forth in Section 29-217(b).
The Final plat shall contain a certificate of approval as follows:

"Under the authority provided by 65 ILCS 5/11-12 as amended by the State Legislature of the State of Illinois and Ordinance adopted by the Village Board of the Village of Arlington Heights, Illinois, this plat was given approval by the Village of Arlington Heights AND MUST BE RECORDED WITHIN SIX MONTHS OF THE DATE OF APPROVAL BY THE VILLAGE BOARD, OTHERWISE IT IS NULL AND VOID.

APPROVED by the Plan Commission at a meeting held _____

Chairman

Secretary

APPROVED by the Village Board of Trustees at a meeting held _____

President

Village Clerk

APPROVED by the Village Collector

APPROVED by the Director of Engineering
_____ "

- p. A certification by a registered surveyor in the form set forth in Section 29-217(c). The Final plat shall contain a certificate signed by an Illinois Registered Land Surveyor in substantially the following form:

"I, (Name), hereby certify that I am an Illinois Registered Land Surveyor in compliance with the laws of the State of Illinois, and that this plat correctly represents a survey completed by me on (Date); that all monuments and markers shown thereon actually exist, and that I have accurately shown the materials that they are made of.

Signature
(SURVEYOR'S SEAL) Illinois Land Surveyor
No. _____ "

- q. A notarized statement from the owner indicating the school district in which each tract, parcel, lot or block lies. *Etcn: SD 23*
- r. A certificate in the form as required by the Illinois Department of Transportation or Cook County Highway Department, respectively, when any new street or new driveway will access one of these Department's streets.
- s. The parcel index numbers of all lots contained within the plat shall be included on the plat of subdivision.
- th need* t. A block stating "Send Tax Bill To: (Name/Address)." The actual name and address shall be provided by the developer.
- u. Provide a location to identify the address of each new lot.

The Village of Arlington Heights Municipal Code can be accessed over the internet at www.vah.com .

Planning & Community Development Dept. Review

January 30, 2017

REVIEW ROUND 1

Project: 2214 E. Palatine Rd.
Proposed Subdivision

Case Number: PC 17-002

General:

7. Please note that the Final Plat, as approved by the Engineering Dept., must be printed on mylar and submitted to the Village, with signatures obtained from all parties except those to be coordinated by the Village, no less than one week prior to the Plan Commission hearing date. If this requirement cannot be met, you can proceed with Preliminary Plat approval with Final Plat approval obtained at a future date (i.e. a separate Plan Commission meeting would be needed). No public notice is required for Final Plat of Subdivision approval if it is obtained separately from Preliminary Plat of Subdivision approval.
8. Section 13.2-2.2 of Chapter 28 requires the submission of a Plat of Survey for the subject property. Please provide a Plat of Survey for the property. The application materials included a "Preliminary Plat of Subdivision" which included many of the elements found in a traditional Plat of Survey, however, a Plat of Survey for the property is required with this application.
9. The subject property is zoned R-1 and is designated on the Comprehensive Plan as "Single-Family Detached Estate 2", which is a land use designation meant for properties within the R-2 zoning district. The subject property is contiguous with an area of R-2 zoning to the west and R-3 zoning to the east. Staff is recommending the rezoning of the subject property into the R-2 District and will include this rezoning as part of the application request. Please acknowledge this understanding.
10. School, Park, and Library contributions will be required prior to the issuance of a building permit for Lot 2. Lot 1 contains an existing home, therefore, contributions have theoretically already been paid for this lot and shall not be required.
11. A Design Commission application will be required for any new construction on Lot 1 or Lot 2.
12. Are any Covenants, Conditions, or Restrictions proposed for this subdivision?
13. The Plat & Subdivision Committee report recommended a sidewalk be constructed along the south side of Lilac Terrance from the west side of the proposed Lot 2 to the existing sidewalk to the east that connects the Birchwood Lane to Oakwood Street on the east.

Zoning:

14. The following Variations have been identified:
 - a. Lot 1: Section 5.1-1.6 to allow a front yard setback of 34.84' where code requires a 40' setback. This setback applies to the existing home.
 - b. Lot 1: Section 6.5-2 to allow an accessory structure to be setback 4.8' from a rear property line where code requires a 5' setback from a rear property line. This setback applies to the existing shed.

Staff is supportive of Variation "a" as identified above as it is an existing condition and it would be impractical to

move the home. With regards to Variation "b", staff suggests removing the shed to eliminate the need for this Variation. Alternatively, the proposed rear property line could be shifted to the north by 0.2' to eliminate the need for this Variation.

For Variation A, please provide a written response each of the three criteria listed below to demonstrate that the proposed Variation conforms to the necessary standards of approval:

- That the property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations in that zone.
- The plight of the owner is due to unique circumstances.
- The variation, if granted, will not alter the essential character of the locality.

15. It may be noted that the existing driveway width on Lot 1 exceeds the maximum allowable width of 22'. A Variation for this legal non-conforming condition is not required as no alteration to the driveway has been proposed.

Final Plat of Subdivision:

16. A portion of Lot 1 includes part of Palatine Road. This area should be dedicated to IDOT. Additionally, Sidwell maps indicate that a portion of Lilac Terrace is included within the subject property (unless it has been since dedicated to the Village). This area should be dedicated to the Village if it has not already been done so. The exact location of the subject property's encroachment into Palatine Road and Lilac Terrace cannot be verified as a Plat of Survey has not been provided.

17. Please show all building setback lines on the Final Plat of Subdivision.
