

November 07, 2017

To whom it may concern,

JAF Management is requesting a variance to allow our sign to be replaced by Signs by Tomorrow.

In accordance to Article VII Variations Section 30-802. Our sign was damaged due to an act of God (Microburst) and was not self-created. Nothing will be changed on the new sign when comparing it to the old sign. Size, shape, position, etc. will remain the same.

It is my understanding that recently other similar signs have also been granted a variance for the same reason.

Please approve our request.

Thank you!

A handwritten signature in black ink, appearing to read "JAF", is written over the typed name and title.

Joseph A. Favia
